

NEWS FROM THE ROSEBUD CENTRE

Hello Summer!

After not one but two episodes of the 'Beast from the East, which saw icy temperatures spiral into the UK, we are very glad to welcome the summer sunshine! Our Easter Holiday activities and workshops were a great success and included our cookery club (pictured) and a movie screening at the centre screened using our brand new projector thanks to the Big Lottery Fund! At Rosebud we are planning lots of exciting new workshops that will support our young women as they work towards their goals and aspirations. These workshops include an economic empowerment programme that will enable young women explore their potentials for entrepreneurship. They will be guided through a series of taught workshops in which they will conceive project ideas, research its market demand and produce and distribute their products, which can include skincare and beauty or fashion and lifestyle accessories, as well as other craft items. During the May/June half-term, those interested will have the opportunity to experience a taster session which will include soap making and other cosmetics and natural skincare products as well as jewellery and fashion design.
