

ROSEBUD SUMMER RESIDENTIAL

24th to 31st August 2018

Our residential scheme is a week-long programme buzzing with fun and excitement. We will equip the girls to become money saavy, handle peer pressure, build self confidence, learn to express themselves without offence and help them to discover the hidden domestic prowess in them!

Parents can be assured that their girls will come back empowered after experiencing a week long of activities designed to develop their self-confidence and independence. This break from home will allow us to work closer with the girls through mentoring in a home environment away from home.

Rosebud will have exclusive use of the Coldwell Activity Centre in Bumley, Lancashire which is located at the foot of Deerstone Moor, nestled between the two Coldwell Reservoirs. With moors surrounding the building with the benefit of having a woodland and views over the water and the countryside. With dedicated activities for young people including, orienteering, team building games, adventure courses, nature trails, and group activities.

We are asking parents for a contribution of £50 which will supplement our funding towards the costs of accommodation, meals and transport.

The deadline for registration and final payment is Friday 17th August 2018. Payment should be made by either Bank Transfer using the details overleaf or by Cheque issued to *Listening Ears*, or via card payment at the centre.

Participants will receive a kit list of items to bring once they are registered for the trip. Find out more at rosebudcentre.org/residential2018
